"IT LOOKS BETTER."
Since the establishment of the dispensary in Greensboro, there have been many comments, pro and con about its effects in one way and another. We have noted some of them as we went along, but unlike a few of the anti-dispensary men, we have not been "at it" all the time. We advocated the dispensary method of selling liquor and gave our reasons for doing so. After it has been in operation six months we see no reason for changing our belief that it is better than wide open barrooms. It has stood the test in the face of trumped up law suits and all kinds of scheming against it.
It would make a still better showing if the opposition had all submitted to the law and manifested a desire or even a willingness to give it a fair trial. It has, nevertheless, made its friends, not only in Greensboro, but men from over the state have watched it and some of them have already declared that it is the one solution of the liquor problem.
A member of the state senate, and who was on the committee of propositions and grievances and strongly opposed to its establishment, voting and speaking against it, was recently in Greensboro and remarked to the writer that he "was mistaken, the dispensary is a good thing and when it is in my power again I shall do all I can for their establishment."
Another legislator, who was here last week for several days, watched closely and called at this office to say that he was gratified at the appearance of Greensboro now. "It looks so much better" he said, "without barrooms. In every place where formerly saw a barroom there is now a thriving and prosperous business except Newcomb's private office, and have no doubt that would soon be occupied should he vacate it. Good stores look much better than barrooms."
We will say that the latter voted for the dispensary in the house, but was not an active or enthusiastic supporter. He lives in a county east of Guilford, while the senator quoted above lives in the west. We only mention these two, though there are many similar cases.
We have no quarrel with those who opposed the dispensary because they thought it would hurt the town in business way. We thought they were wrong and still think so. If they would do as some have done, stop abuse and complaints and help to give it a fair trial, all feeling would soon be allayed and people could take a calm look for themselves. When this is done the opposition will dwindle into nothing—only remaining with those who want to sell liquor for the money there is in it.
It really looks like there is trouble ahead for England, though it is too early in the game to get scared. She already has trouble enough, to be sure, in the hot fight with the Boers. Some papers are saying that as the history records the rise and fall of monarchies, it may be that England is about to fall. Anyhow, it looks gloomy for her. The reverses of the British arms in the Transvaal war surprise everybody. And now King Menelek, of Abyssinia, is sending forces to re-establish his authority in the Tigre province. This will most likely precipitate another scrap, and should further defeat attend the British, there will probably be others who will want a twirl at the Lion's tail.
A friend of ours wants to raise a fund, by popular subscription, to build some outhouses for poor old Mrs. Dewey on the lot recently given to her—the lot on which there is a dwelling house and which was in reality given to her husband but which her husband turned over to her. Our friend says the dwelling is all right, but that for the comforts of living some outhouses on the premises are necessary and the people should not be slow to "chip in." Dewey is getting old and his salary is small. He may not be able to make the necessary improvements, and our big hearted friend wants the work to be done in the old man's life-time, so that he may know what the country thinks of his wife. Now let the people fall over each other in getting to the subscription counter.

MR. SCALES' REPORT.

He Speaks of the Excellent Management of A. & M. College.

Greensboro, N. C. Dec. 19, 1890.

To the Board of Trustees of the Agricultural and Mechanical College for the Colored Race:

Gentlemen—

I have the honor of transmitting to you the reports of the president, treasurer, bursar, steward and of the various departments of the college. These reports contain much valuable information and important suggestions, and I desire that the board will hear them all, for though it may not be possible to comply with all the recommendations, I feel that it is well for the board to know what is needed to obtain the best results from the college work.

I also call to your attention, for your information, and for such action as is necessary, the proceedings of your executive committee. I regret to announce that Mr. W. W. Long has found that he could not attend the meetings regularly and thought best to resign as a member of that committee.

On account of the resignation of Prof. Bourne, the head of the mechanical department, the election of a new professor became the duty of your executive committee. The committee was fortunate in securing the services of Prof. Hugo Diemer, who is enthusiastic and thorough in his work, and who, I believe, will give you great satisfaction.

Your committee, after giving the matter a great deal of time and thought, purchased a very fine farm of one hundred acres, near the city and convenient to the college, with a tenant house and barns for the sum of five thousand dollars. Other farms in the district have been secured on a less amount, but your committee thought it the part of wisdom to take into consideration the location with reference to the college and many other advantages. I think the investment an excellent one.

Your committee on buildings and grounds have had an important meeting, and their action will appear on the minutes. From all that I can see and learn, the college has never done better than at the present, and never will its future brighten.

It is greatly cramping, however, for funds, and is only by close management that its obligations can be met. Technical education is necessarily higher than classical, and in my opinion, the legislature owes it to itself and the state to replace the appropriation of five thousand dollars omitted at its last session.

I commend the faithful, zealous work of President Dudley, who is becoming, I believe, more and more of a blessing to his race. As far as I know all the teachers and officers have been faithful to their duties.

In order to avoid misunderstandings, all teachers and officers have entered into written contracts in accordance with the term of their election and the bonds of the officers have been filed.

Respectfully submitted,

A. M. Scales,
President of the Board and Chairman of the Executive Committee.

THE SLIPPERY AGUINALDO

Still Gives Otis Cards and Spades of a Fast Race.

Washington, Dec. 26.—So far as the war department officials know, Aguinaldo is still in the Philippines, dodging pursuers and making his escape.

The war department has received no report from Otis for over a week that gave any indication of Aguinaldo's whereabouts. Otis' report show, however, the complete disintegration of the insurgent army and give the impression that the complete pacification of the islands is not far distant.

Secretary Root is much pleased to learn from Otis that the ports of northern Luzon will be open by January 1. Secretary Root believes the ports of southern Luzon will be opened Feb. 1.

The cabinet considered the transportation of Spanish subjects to Spain which they claimed under a provision of the Paris treaty. As a result Otis was instructed to give that portion of the treaty relating to the matter the necessary Root's opinion. This will mean that any Spanish prisoners held by insurgents, whether they be connected with the military or civil branch of the Spanish government, will be returned to Spain by this government. It is estimated that the extra cost will be about forty thousand dollars.

Glorious News.

Comes from Dr. D. J. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Breton of sciatica which had caused her great suffering for years. These little serps would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by C. E. Holton, druggist, Garrettsville, Ohio.

Race Trouble in Far West.

Perry, Okla., Dec. 26.—A race war occurred here last night in which a half dozen negroes were badly beaten and one of them was hurt. The negroes attempted to clean out a saloon and threw the mayor through a plate glass door. Today a white man shot and wounded a well known negro politician.

Mrs. R. Churchill, Berlin, Va., says: "Our baby was covered with running sores. DeWitt's Witch Hazel Salve cured her." A specific for piles and skin diseases. Beware of worthless counterfeits. **Howar**

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st. Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed.

The man who knows the ropes does not smoke Christmas cigars.

"One Minute Cough Cure is the best remedy I ever used for coughs and colds. It is unequalled for whooping cough. Children all like it," writes H. W. Williams, Gentryville, Ind. Never fails. It is the only harmless remedy that gives immediate results. (curescoughs, colds, hoarseness, croup, pneumonia, bronchitis and all throat and lung troubles. Its early use prevents consumption. Howard Gardner.

Some men's prospects are so fine that they are hardly visible.

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to this disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears 't will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by C. E. Holton, drug store.

Slobbs—"The last time I saw you and the Colonel together you seemed the best of friends. Last night he could scarcely recall your name." Slobbs—"Yes! I loaned him some money once."

Son of an Ohio Merchant Cured of Chronic Diarrhoea.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited.—Thomas B. B. Ver, Glenoco, O. For sale by C. E. Free of Charge.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at Grissom & Fordham's, will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person, and none to children without order from parents. No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggist will tell you its success was marvelous. It is really the only throat and lung trouble generally endorsed by physicians. Only 75-cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

Wearry Willie—"Dat's de laast straw. Life ain't worth livin'." Dusty Rhodes—"Wot's der matter now?" "I've jest found out dey use water in makin' beer."

DeWitt's Little Early Risers purify the blood, clean the liver, invigorate the system. Famous little pills for constipation and liver troubles. Howard Gardner.

"Aha!" exclaimed the heavy villain, "the plot thickens." "It's about time," remarked the occupant of the gallery; "it's been pretty thin so far."

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes unken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

"This is what might be called a trial trip," remarked the nervous customer as he stumbled over a mat while testing the fits of the shoes.

He Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, Ohio, after suffering months from rectal fistula, he would live unless a costly operation was performed; but he cured himself with five boxes of Buckler's Arnica Salve, the greatest pile cure on earth, and the best cure for throat and lung troubles, harmless and pleasant to take. It prevents consumption. A famous specific for gripple and its after effects. Howard Gardner.

think of it, why didn't he preach in-
stead of the open barrooms when they
were in operation?

At eight o'clock p. m., Dec. 24th,
1899, Floyd Y. Hamner and Miss Ella
Clapp entered the door of Proxi-
ty M. E. church, and came forward to
the altar and were made one by the
ties of marriage. Rev. V. L. Marsh,
the pastor, performed the ceremony.
May all their lives be happy and pros-
perous always seen as bright as on their
marriage eve.

On December the 25th, at 5 o'clock
p. m. at the home of Mr. R. A. Sur-
ratt, father of the bride, a very pretty
home wedding took place, Mr. Shields
R. Hunter and Miss Lula Surra being
the contracting parties. Rev. V. L.
Marsh performed the ceremony.
May blessings attend them through
life.

A Browne Ray of Sunshine.
Mr. Sam Browne returned from Ox-
ford this morning, where he has been
to deliver the good things that he has
collected from his friends and the
friends of the Masonic orphanage at
that place. That he was a welcome
visitor goes without saying. In the
distribution of the gifts, the first one
called up was a little boy with one
leg, who was presented with a
warm overcoat. The general distri-
bution followed. Mr. Browne made a
characteristic talk, which was to the
point, illustrating practical charity.
What the children did for their genial
friend was a plenty. Just ask him if
he enjoyed his visit as Santa Claus to
the orphans at Oxford.

The Concert.
A program of high grade and popu-
lar music has been arranged for the
Friday night concert to be given by
the Gate City Band. The object in
this entertainment is to let the lovers
of music hear what they have in their
town in the shape of a brass band. It
is free and every one will be welcome.
We feel sure that you will leave the
house with a compliment on your lips
for the boys who have sought so dili-
gently to supply a vacancy the town
has had for such a long time. Those
who have tickets hold to them, for no
one will be admitted without one.
